Subject: Mauna Kea we are with you.

Mitakuye Oyasin!

We the Keepers of the Sacred Sites have heard your calling. Your prayers and your journey to your Sacred Site of Mauna Kea is not only important to your culture and tradition, but we the Spiritual Leaders and Medicine People know that the Sacred Site is part of all of our lives. In our tradition and culture, this is like a Church, a Temple, a Sacred Place, where we do our prayers. We extend our heart and prayers for your Nation to protect, not only the Sacred Site, but the Mini Wic'oni (water of life), which is the most important part of our ceremonies along with the fire and air.

We have a prophecy from our Lakota, Dakota, Nakota Oyate, that when the white animals show their sacred color white, we will be at the crossroads of important effort and decisions for all our future and that you see today with the recent White Whale Migaloo visiting your territory. Many People like you are taking a stand to protect Mother Earth's power points, her sacred sites known as chakras. We continue to pray for each and every one of you, as you step forward to protect the Sacred Holy Place. You are not alone. All the People that live in your territory need to stand with you now, the direction we are going is not good. People in this western society must understand where we are coming from; we are coming from our Sacred Sites and ceremonies, People of the Earth.

In a Sacred Hoop of Life, where there is no ending and no beginning!
